EROTIC

A WOMAN IN THE MIRROR

Fabio and Manuela know each other about the picturesque carnival of Ivrea, famous with its battle of orange and start an intense erotic relationship. The meeting leads to three days of senseless and unbridled love, of discoveries and confessions: the two perfectly know that they will leave and this leads them to the search for the most complete transgression. But even the battle with oranges has a limit: Fabio and Manuela will leave the city to return to their lives, aware of a new wealth of experience gained.
