

THE TEENAGE PROSTITUTION RACKET

Teenage Prostitution Racket is a film that explores the troubled passion of a series of young women coming of age in 1970s Milan.

Lizzani's film worms its way into the metropolis, where the oldest profession, is dramatized in a series of interlocking narratives.

Lizzani doesn't reduce the characters to mere objects of passion but he endows each woman with a lot of personality.
